**There is no waiting period and LVN Program Admission is twice a year.**

### Program description:

Licensed Vocational Nurses provide patient care under the supervision of physicians and registered nurses (RNs). LVNs initiate basic data collection and assessments and provide care for patients who are sick, injured, convalescing, and have physical and mental disabilities. LVNs work in medical, surgical, maternity, newborn, pediatric, and emergency department, ambulatory/ outpatient and long-term / extended care facilities.

LVN duties include evaluating and prioritizing patients' needs, assessments of vital signs, recording input and output of food and fluids, treatments such as inserting foley catheters and nasogastric tubes, blood sugar testing, tube feeding, applying and changing dressings, preparing and administering medications and certain intravenous fluids with IV certification.

This program provides students with the theory and clinical experience needed to become a Licensed Vocational Nurse.

**See other side for steps on how to apply!**
